Project Management Executive Certificate

Developed in Partnership with the
University of California Irvine, Division
of Continuing Education.

UCI Division of
Continuing Education

Become a Project Manager Specialist

Take the next level of your career in project management and acquire the skills to sit for the PMP exam.

The Project Management Executive Certificate covers A Guide to the Project Management Body of Knowledge (PMBOK® Guide), which serves as the **fundamental knowledge base for project management**.

Upon completion, you will satisfy the **education requirements to sit for the Project Management Professional® Exam**. Recognized internationally, the PMP® certification sets the **standard for excellence in project management**.

Why this program?

Apply **effective project management tools and techniques** to initiate, plan, execute, monitor, control, and close a project.

Satisfy the education requirements for PMP® certification.

Project Management **simulation tools and templates**.

Adapt the **style of management to the kind of project**, team, organization, and clients.

Improve the **decision making process** as Project Manager, considering technical, economical, quality, environmental and risks elements.
